

What is SNAG clinic? The SNAG program is all about having fun while learning the basics of golf! Golfers learn through visual aids and fun activities on a much larger scale. We use tennis balls instead of golf balls and oversize plastic golf clubs. This allows for immediate success and increased confidence!

Each clinic will have the same curriculum.

Join us today for one of our SNAG golf clinics! The cost is \$25 per clinic! All clinics are age 2-5.
